

Roxy

by Kyle Eggleston

Roxy was a redheaded angel that played for the devil's team. At least that's what her mother would say about her.

When the two met, Susan knew she liked the gal right off. There wasn't any pretending with Roxy. Both women knew how to disarm a man in three seconds flat. Other necessary skills were available upon demand.

They bonded right off., the two would become friends. They had each others back no matter the cost.

Susan wondered if she would have to kill Roxy someday. She hoped it wouldn't come down to that. She was an assassin after all.
